[Looking for spare parts?](#)

✓ Lower capital investment

One machine covers multiple applications

✓ Fuel savings

Both efficiency and autonomy

✓ Increased utilization

Simple service and long service intervals

You need PACE... To win the RACE!

The skillfully versatile XA(T)S 400 range offers you two models with multiple possibilities. Thanks to its intuitive PACE system (Pressure Adjusted thru Cognitive Electronics) the new 400 cfm models give you the most options from a single compressor. This pioneering technology enables multiple pressure and flow settings, ensuring you match air flow and pressure to your application needs.

The most efficient solution for multiple flow demands

Optimize your fleet investment, improve utilization and get a higher return on investment. If you are using multiple machines to cover flow demands between 340-440 cfm and pressure ranges from 100-200 psi, then now is the time to stop.

The XATS 400 JD with tier 4 final

Lower your cost of ownership

The 400 cfm models also feature our legendary air element together with a John Deere Stage IV Engine. Ensuring higher efficiency, longer service intervals, unmatched reliability, increased lifetime and the lowest cost of ownership.

Technical data

Compressor		XAS 440 JD T4F	XATS 400 JD T4F
Working pressure	psi (g)	100-150	150-200

Free air delivery (1) (FAD)	cfm	400-440	340-400
Max. sound pressure level @ 23' (7m) at normal working speed & pressure (2)	dB(A)	76	76
Compression stages		1	1
Air receiver capacity	US gal (l)	11 (41.6)	11 (41.6)
Compressor oil capacity	US gal (l)	6.3 (23.8)	6.3 (23.8)
Approximate air outlet temperature	°F (°C)	200 (93)	200 (93)
Air compressor outlets		2 x ¾" & 1 x 1 ½"	2 x ¾" & 1 x 1 ½"
Max. ambient temperature at sea level (3)	°F (°C)	125 (51)	125 (51)
Maximum altitude	Ft (m)	14,000 (4267)	14,000 (4267)
Min. starting temperature (without cold weather options)	°F (°C)	14 (-10)	14 (-10)
Min. starting temperature (with cold weather options)	°F (°C)	-4 (-20)	-4 (-20)

Engine		XAS 440 JD T4F	XATS 400 JD T4F
Model		John Deere 4045HFC04	John Deere 4045HFC04
Number of cylinders		4	4
Emissions regulation	US EPA Tier	T4F	T4F
Output at rated speed (2400 rpm)	hp	115	125
Engine speed (unloaded)	rpm	1500	1500
Engine speed (maximum loaded)	rpm	2400	2000
