Features and specifications are based on published information at the time of publication. Features and specifications are subject to change without notice.

\* This transmission warranty provides an enhanced coverage of 5 year/15,000-hour (whichever occurs first) concurrent to the standard machine warranty for all new Qualified Articulated Dump Trucks. Qualified machines include new E-Series ADT models (260E, 310E, 370E, 410E, or 460E) built on or after January 1, 2017 and purchased prior to December 31, 2019. Machines must be maintained per John Deere recommended service intervals. Adherence to the Operator's Manual conditions regarding clutch calibration (at 500 hours and every 2,000 hours), transmission oil change (every 2,000 hours), and filter changes. Required usage of John Deere HD Synthetic Transmission Fluids and John Deere Filters to maintain coverage. Transmission assurance is transferable up to the 5 year – 15,000 hour threshold noted above (clock starts at first sale of ADT). Except as modified herein, all other standard warranty terms and conditions apply. John Deere reserves the right to require documentation of compliance with program requirements as a condition of warranty. Offer valid at participating dealers only. Some restrictions apply. See your dealer for complete details.
