## OVERVIEW

STYLE	SIZE	REACH HEIGHT	LOAD CAPACITY	MAX. LOAD
Single-Sided	8ft	12ft	300lb	300lb

The 6208 Fiberglass 8ft Step Ladder is ideal for the homeowner or the professional. With a duty rating of 300lb, it features a HolsterTop® with the Lock-In System to secure tools from falling while keeping them right at hand. The ladder offers a full set of rear horizontals and heavy duty internal spreaders. All steps are knee braced and the foot pads are riveted to the EDGE® structure. The EDGE® bracing system helps protect the rail from damage. Each TRACTION-TRED® step is slip resistant and double riveted. Fiberglass rails are non-conductive for working near electricity.

answer

**My company wants to attach inspection tags to our fiberglass ladders. They are planning on purchasing tags from Brady labels. These are plastic tags that would require two small screw hole be drilled into the ladder. Is this acceptable?**

Originally posted on 6206 6ft Type IA Fiberglass Stepladder

Answer this Question

**Customer Care** · 2 months ago

The ladder is not to be modified in anyway. If you attach the tags and drill into the ladder, you will have to take the ladders out of service. Do not use.

**What is the difference between the 10' model NXT1A10 AND THE 6210S?**

Originally posted on 6210 10ft Type IA Fiberglass Stepladder

Answer this Question

**Customer Care** · 2 months ago

Model NXT1A10 is orange with a black top and 300 lbs. duty rating. It does not have a shelf. Please go to the following link, to see the specifications: <https://us.wernerco.com/view/NXT1A10>

Model 6210S is a orange with a yellow top and 300 lbs. duty rating. It comes with a factory installed shelf.

answer

Answer this Question

**Customer Care** · 4 months ago

Please go to the following link, to see all of the 8' stepladders that we offer: <https://us.wernerco.com/products/ladders/step-ladders#pf-filters=spec:cat/Stepladders|Size/8ft> When selecting a ladder, you will need to determine if you want fiberglass or aluminum and the duty rating. Please go to the following link, to see the 250 lbs. duty rating ladders. <https://us.wernerco.com/products/ladders/step-ladders#pf-filters=spec:cat/Stepladders|Size/8ft|Load Capacity/225lb,250lb> You can click on the ladder and see the different weights for the ladders. Although, remember you need to determine material and duty rating, when selecting a ladder
