PRODUCT DESCRIPTION

Description

The Bosch JS260 Top-Handle Jig Saw provides a sturdy footplate for accuracy in the cut, as well as a 6.0 Amp motor and variable-speed control. The sturdy motor produces up to 3,100 strokes per minute, with a 3/4 In. stroke length. The variable-speed dial controls the maximum speed, while the accelerator trigger regulates the operating speed. This jig saw is engineered with a low-vibration plunging design for cutting accuracy and smooth operation. It has a large heavy-gauge steel footplate. The JS260's multidirectional blade clamp delivers the superior grip of T-shank blades (but it does not accept U-shank blades). The toolless T-shank blade-change system makes blade insertion and removal quick. The tool has an always-on dust blower for max cut-line visibility and an ambidextrous lock-on button.

Includes

- (1) Jig Saw Blade
- (1) Anti-Splinter Insert - 201016065
- (1) Bevel Wrench
- (1) Carrying Bag

TECHNICAL DATA

Specifications

Attributes	
Amperage	6.0
Bevel Angle Range	45°

Attributes	
Category	Jig Saws
Cutting Capacity- Soft Wood	2-11/16"
Cutting Capacity-Aluminum	0.375
Cutting Capacity-Mild Steel	0.1875
Dust Blower	Yes
Dust Collection	No
Height	7.0"
Hertz	60
Jig Saw Blade Type	Jig Saw T-Shank
Length	9.0"
Max. Bevel Capacity (°)	45.0
Max. Bevel Cut	45°
No Load SPM	500-3,100
Rating	120V
Stroke Length	0.75
Tool Level	7 - Cordless – variable speed basic +
Voltage	120V
Weight	5.3lb
Width	3.5"
Works With	**Anit-Splinter Insert** JA1002
Includes	(1) Jig Saw Blade, (1) Anti-Splinter Insert - 201016065, (1) Bevel Wrench, (1) Carrying Bag
