PRODUCT DESCRIPTION

Description

The Bosch DDH361-01 36 V Brute Tough 1/2 In. Drill/Driver features a tool with corded-like power and long battery runtime, plus two 36 V batteries and a 36 V charger. The DDH361 drill tackles some of the toughest drilling and driving tasks on the jobsite. With a powerful four-pole motor, it produces up to 885 In.-Lbs. of torque. This variable-speed drill provides high-power (0-420 RPM) or high-speed (0-1,800 RPM) settings. It has KickBack Control, an electronic sensor to reduce the hazard of sudden tool reactions in binding conditions. Its precision clutch has 25+1 settings for reduced overtightening, as well as an upgraded all-metal chuck. The drill features Electronic Motor and Cell Protection, an LED light, a side-assist handle and an ergonomic soft-grip zone. The kit features two 36 V 4.0 Ah FatPack batteries for long runtime and a 18 V-36 V dual charger.

Includes

- (1) DDH361 36V Brute Tough 1/2 In. Drill/Driver
- (2) 36V Lithium-Ion 4.0 Ah FatPack Batteries
- (1) 18V-36V Dual Charger
- (1) Auxiliary Handle
- (1) Double-Ended Bit
- (1) Carrying Bag

TECHNICAL DATA

Specifications

Attributes	
Battery Chemistry	Lithium Ion
Battery Voltage (V)	36
Battery/Charger	Included
Case Type	Bag
Chuck Capacity	1/2" Keyless Chuck
Chuck Design	Keyless
Chuck Size	1/2 in
Height	8.25"
Length	9.75"
No Load RPM	0-420 / 0-1,800
Rating	36V
Torque (in. lbs.)	885
Weight	4.0lb
Width	3.0"
Includes	(1) DDH361 36V Brute Tough 1/2 In. Drill/Driver, (2) 36V Lithium-Ion 4.0 Ah FatPack Batteries, (1) 18V-36V Dual Charger, (1) Auxiliary Handle, (1) Double-Ended Bit, (1) Carrying Bag

Benefits

- KickBack Control – reduces the risk from sudden rotational torque reaction in a bind-up scenario
- Precision clutch with 25+1 settings – provides driving accuracy for reduced fastener damage
- Upgraded all-metal chuck – for more durability, along with first-rate bit retention
- Four-pole brushed motor – provides maximum power with 885 In.-Lbs. of torque
- Brute Tough design – weighs just 4.25 Lbs. (tool only, not including battery), but delivers great power
- Outstanding control – variable speeds for high-speed drilling (0-1,800 RPM) and high-power drilling (0-420 RPM)
- Durashield housing – can stand up to tough jobsite conditions
- Sure-grip side-assist handle – helps prevent slipping and increases control during use
- Ergonomic grip zone – offers a soft grip and upgraded design for better handling and greater comfort
- Electronic Motor and Cell Protection – features longer life in tool and battery, protects from overload
- Drill-area LED – illuminates dark work zones
- Two Bosch 36 V batteries and a 18 V-36 V dual charger – provides long runtime with a 4.0 Ah FatPack batteries
