You are on probation for the first 3 months of your employment. The purpose of the probationary period is to determine whether or not you will become a permanent employee. While on probation, your performance and progress will be closely monitored by your supervisor. Your supervisor will explain what he/she expects from you when you join EDGE1 EQUIPMENT. You will be given the responsibility and authority to do your job. Appropriate feedback and training will also be provided. On completion of your three-month probation, one of three events can happen: 1. If your performance is satisfactory and meets your supervisor's expectations you will become a permanent employee; 2. If we are unsure about your performance and need more time so that feedback, review and/or training can occur, your probation can be extended by a maximum of three (3) months; or, 3. You may be asked to leave because you have failed to show that you are able to meet the minimum performance requirements of the job.
